

# Thrashers take control of Milford with traveling skate park

Photos by MICHAEL SHUSTER

The Skatewave Demo Tour stopped in Milford last Saturday to provide local skaters a chance to check out some of the latest equipment. Milford officials are considering plans to build a skatepark, and the tour offered a chance to show some of the amenities a skatepark could have. For more information about the Friends of Milford Skate Park and Skatewave Demo tour event, contact Rick Mueller (Chairman and President of the Friends of Milford Skate Park) at (248) 318-9010 or go to [www.skatemilford.com](http://www.skatemilford.com). (Above) Some of the people involved with organizing the demo. (Left) Pat Becerra prepares to land on top of one of the quarter pipes constructed for Saturday's skate event. Aura team member Grant Fluegel, 18, soars over one of the temporary barriers constructed for Saturday's skate park.
